

INVITATION

We cordially invite everyone interested, Club Members and Leaders to the year opening nationwide event of Flavon max Club!

Date: Saturday, 20 February 2010 from 10:00 to 17:00

Venue: Rhema Conference Center (3-9 Golgota u. Budapest H- 1089)

This one-day training provides an excellent opportunity for everyone interested, our colleagues not qualified yet and our top leaders to take part in a common program. We are going to present you our company, products and marketing strategy. Besides, you will also have the opportunity to meet the owners of the company and our top leaders.

Our special guest is going to be Prof. Dr. Zoltán Dinya, doctor of the Hungarian Academy of Sciences, a pioneer of flavonoid related research.

We hope the event to be held in Budapest is a perfect alternative for those who unfortunately cannot spend a whole weekend with us at the usual Siófok training because of their obligations. The Rhema conference room, which is going to be the venue of our event for the first time, holds almost 1000 persons, therefore we suggest inviting everyone interested, registered and future Club Members as well.

Do not miss the chance to meet and learn together! Spend a wonderful day in pleasant and motivating atmosphere and recharge from the others' enthusiasm.

We are looking forward to seeing you all in Budapest!

Best wishes,
